The Goal

Our mission was to create a brand identity for a new luxury car brand. The goal was to create a brand that was modern, sophisticated, and elegant. We wanted to create a brand that was unique and stood out from the competition. We wanted to create a brand that was timeless and would be remembered for years to come.

The only thing worse than being blind is
having cluttered but no vision.

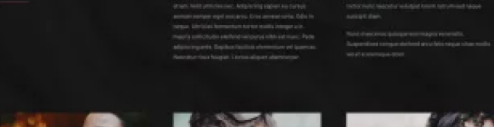

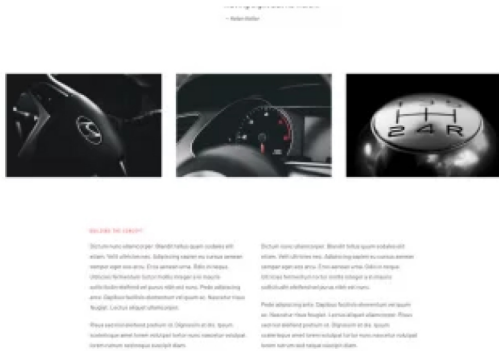

WE ARE VISION

One big family being super creative.

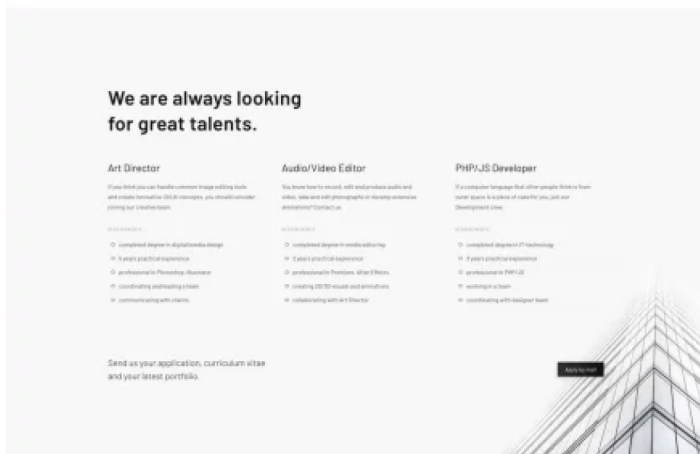

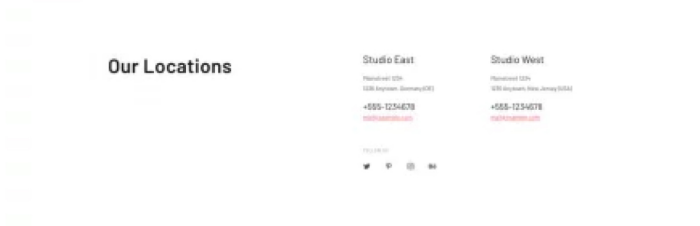

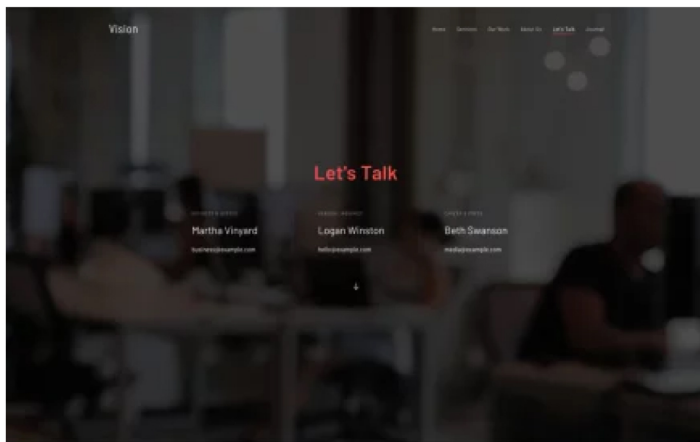

Founded in 2008
